

UNABLE TO BOOK A COVID-19 VACCINATION YOURSELF? – WE CAN HELP!

Do you or someone around you not have access to digital tools? Or do you not have a Swedish personal ID number? Or do you have difficulties with the language? The region has a telephone number where you can get help in booking an appointment.

Call 0470-58 60 00. If necessary, get help from a relative who can call in Swedish or English. Leave your telephone number and indicate whether you need an interpreter. We will call you back within one week.

Booking is done primarily online, and the times shown on the website are the ones available. We cannot help you if you are already booked in (for example, with rebooking) and would instead refer you to the vaccination site. We are not able to answer any medical questions.
